在品牌佈局藍圖下,個別以不同時代感作為主訴, 明晰兩座髮廊的服務對象與定位。

隨囍髮廊位於市區精華地段,原為兩座分立不同樓層的比鄰空間,因應業主品牌 策略與客群鎖定,決定重整集團艦隊,請設計師郭宗翰重釐場地機能,委託共含括 兩部份,一是位在一樓臨街面的紳士沙龍,另一則是鄰座二樓的髮藝沙龍。郭宗翰 在品牌佈局藍圖下,個別以不同時代感作為主訴,明晰服務對象與空間定位。

紳士髮廊 接駁英倫古典

一樓定調為紳士髮廊。業主期望,是在此實踐英倫 barber 文化,提供男性客群更精緻全面的沙龍服務。既然主題精神承自悠久的紳士文化,郭宗翰遂將空間視為一座記憶載體,沿用建築物原有的蛇紋石地坪作為底布,讓在地石材與手作痕跡見證歲月情感,也作為揉合今昔、東西的另番表達。此後,再以低斂色彩與俐落佈局進行全面翻新,從中串整新舊元素,為整體蘊釀摩登懷舊氛圍。

郭宗翰指出,考量在有限空間需滿足 barber 服務的精緻性,除顧及舒適的隱私感受、寬裕動線,也要考量空間裡的社交可能。因此整體規劃避免細瑣零碎,以大區塊定義出造型理容、多功能吧檯、洗髮區等屬性,再據此配入各項細節,將必要的工具、物品整合其中,達成一站多工目的。此外,作為洗髮區屏壁的木櫃牆除了維繫內部隱私,也藉著木質與線板凹凸輔助吸音效果,避免聲音互擾。

而英倫風格的皮革椅、釘釦、銅燈、線板均成了指標符號貫穿空間,刷黑的訂製 鐵件則負載著實質管線、家具結構等功能,全案在灰、棕色系鋪陳的妝彩下,所有 感光、啞光元素互構對比層次,令空間更顯立體深邃,並現著都會雅痞品味與淡淡 英倫風情。

當代髮藝 ×動線裡構景

鄰座二樓服務訴求重在髮藝設計,是造型、交流、實驗的空間, 採取預約服務。在此,郭宗翰從「移動視景」展開發想,構劃人物 與景象的動態關係,令髮廊裡的人、物互構活潑風景,熱絡場域氛 圍,同時避免動態互擾。郭宗翰談到,此作在現代簡約的調性下, 以灰色水泥粉光、長虹玻璃、黑色線框作為主要語彙,希望讓視覺 得以放鬆,也利用淨色背景突顯染藝效果。

整體重點在平面中心的X動線,規劃目的有三:其一,是為空間 加入動態元素,利用動線態勢錯開鏡面方向,產生微透視與局部疊 景的效果, 賓客入座不同位置, 都能感受人、物動態不斷剪輯, 卻 又不會互成干擾。第二,利用X動線所衍伸的背牆厚度含容收納、 展佈機能。最後,藉著X動線走向聯繫兩端場域,從外到裡區劃出 公眾與私密、短時至長時的服務屬性,像是最前端的候位、洗髮, 鄰接到中段的洗剪服務,到最裡部較費時的染藝配色造型,從而避 免人流滯塞可能。採訪」室內雜誌編輯部

Share Hair Salon is located in a primary business zone and faced the redefinition of its service. Two divided salons used to service different customers decided to merge under one brand but provide service for men on the first floor with a reserved hair salon on the second.

Gentlemen's hair salon – England classicism

High class service for men can be traced back to barber shops a century ago in London. The serpentine marble floor gives this historic impression and all the crafted details and textures bring a sense of nostalgia while still tinted with an avant-gardist color to fuse both old and new.

Stephen Kuo stated that the design had a precise program so that the response required a direct layout to avoid fragmenting the space into triviality. The bar area, hair-washing zone, and main lounge are all grouped into a single space. To avoid noise, soft materials were used to offer a better acoustic quality in the space.

The leather chair is a custom design, and all the details such as the lamp stand and interior mouldings were carefully crafted and built. An earthy color without glaring lighting gives the space a tranquil pleasure without fanfare and gaudy display. All the furnishings display a British insistence of good taste.

Contemporary salon and X internal landscape

The second floor is a hair stylist salon. It is designated both for professional social events, and for hair stylist service for reserved customers only. Moving scenery is how Stephen imagined this salon; he loved to contemplate the activity planned for the space and he loved the idea of vivid movement that carefully avoids hassle in the space. The floor and wall were simply covered in cement paste, and the glass and black painted metal members are the only other repetitive elements.

The X orientation layout system is enigmatic, Stephen proclaimed its purposes as three: first, the layout creates very dynamic views; perspective views merge with the mirror views to create an ever changing prospect. Secondly, the thick wall right behind X pathway offer substantial space for storage or can be used as display panels. Finally, the cross pathway divides several zones for different services and each can enjoy privacy without being violated by others.
